Luxurious Satin-Pearl Shower & Bath Creme

Bath and Shower gel reinvented! Our Luxurious Satin-Pearl Shower & Bath Creme is an all hand-made product that will give you an incredible bath and shower experience! Our thick and milky-clear gel with a touch of pearl swirl is extremely rich and provides a luxurious foam lather for a refreshing sense of clean and revitalization. Our Luxurious Satin Pearl Shower & Bath Creme rinses clean and does not dry your skin so you will enjoy a "moisturized" feeling long after your dry off. The Aloe, Glycerin and Vitamin E is absorbed into the skin to help naturally repair the invisible damage to your skin from normal daily activity and to even help reduce signs of aging.

Hand and Body lotion reinvented! Our exclusive Luxurious Satin-Finish Hand and Body Nourishment is an all hand-made product that you have to experience to believe! Our delightful, non-greasy hand and body lotion formula enriched with Vitamins A & E, Mowrah Butter, Glycerin, Aloe Vera Extract, Tea, Cocoa Butter and Jojoba Oil is extremely smooth and silky for rapid absorption. This smooth and creamy nourishing blend quickly replenishes dry skin with long-lasting moisture and restores softness without leaving any oily, greasy or sticky film. Our Luxurious Satin-Finish Hand and Body Nourishment allows your skin to breath freely and leaves an incredible satin-like smooth finish that will absolutely amaze you and those who touch you. Our Luxurious Satin-Finish Hand and Body Nourishment is excellent for all skin types and even with light hand-washing will remain in tact for less applications. And because it contains powerful all-natural anti-aging and antioxidant ingredients, we recommend using it all over your body as part of your daily routine to help reduce fine lines, wrinkles and lower your risk of skin related afflictions.

The 7 Divine Virtues Collection™

Inspiration

makes the world go round. All things created by the hands of men and women were created by individuals who were inspired to create them. Inspiration begets creativity, motivation, achievement and advancement. When people are inspired they are compelled to make things better, to pursue things that have never been pursued, to accomplish things that have never been accomplished. Through the eyes of inspiration, visions become reality in the lives of the achiever and those affected by the achievement. Achievement is the end result of inspiration and automatically generates hope for others that will allow them to shake their fears and doubts and pursue their dreams with vigor. True inspiration never dies to failure, but instead gains wisdom from it and keeps pressing toward the mark at all costs. The reward you receive for finally achieving an inspired goal is immeasurable and makes every bump and obstacle you encountered on your journey completely worthwhile. **Act on your Inspiration and enjoy a divinely unique fragrance blend infused with a hint of fresh-ripened Raspberries.**

Honesty

Telling the truth and knowing the Truth is a most fundamental part of being a human being. It is the foundation of communication between each other and is the mother of trust and grandmother of respect and loyalty. An honest heart defines our integrity and tells people something about you that words simply could never express. Honesty should be expressed always... for things both great and small. Anything less is deception. Honesty can be painful sometimes but is always appreciated and honored when the pain subsides. Honesty invokes trust and respect from those who have experienced or have heard of your honesty. An honest person naturally brings a peace-of-mind to you that can only come from learning whatever truths that you desire...mind, body and soul. **Experience Honesty and enjoy a unique fragrance blend infused with a splash of fresh melons and touch of Vanilla.**

Compassion

for one another provides a foundation for healing. There are many times in life when unfortunate things happen that make us feel alone and forsaken. When you are compassionate you are sharing in a person's painful feelings and are compelled to help relieve the pain as your own. When we have this type of true heartfelt compassion and empathy for people in fragile and vulnerable times, we can help them generate all the strength and healing they need to conquer any negative situation. Your compassion will never be forgotten because you were there for them when they needed it the most. An immense sense of satisfaction and pleasure can be the only result of knowing that you made a difference in someone's life by just simply showing that you genuinely care. **Increase your Compassion towards others while enjoying a unique fragrance blend infused with a splash of freshly-ripened black cherries.**

Understanding

An Understanding heart openly welcomes knowledge and wisdom. Understanding the ways of the world and your role in it leads to true self-fulfillment and is quintessential to our existence. Understanding simplifies the complexities in life and leads to a fuller, more satisfying life's journey. Understand the Truth and live in its full abundance. **Experience a new level of Understanding with a unique fragrance blend infused with vintage Merlot and a hint of fresh Vanilla.**

Comfort

I can't think of any better feeling than the feeling of Comfort. True comfort brings all types of emotions into perspective with clarity. The comfort of a warm and peaceful home. The comfort of a solid, worry-free and fruitful marriage or relationship. The comfort of the smiling sun or a whispering breeze upon your face. Comfort brings a deep sense of peace and tranquility like nothing else. Comfort allows our fatigued existence to finally exhale and be content like a child in the midst of a loving parent's tight embrace. To be comfortable is to know that you are truly blessed and favored. **Experience a new level of Comfort for the senses with a unique fragrance blend infused with a hint of fresh Vanilla.**

Gratitude

A heart full of Gratitude is the beginning of a life full of blessings and prosperity beyond comprehension. When you have a gracious and thankful heart for the small things that are done in your life even more so than the large things, that is true gratitude. Some things that are small to us may be large to others. We often overlook the small blessings and gestures we receive and take those things for granted but it's really how we react to the small that dictates who we really are as person. We should be gracious and thankful for all things, both from people and the fabric of life itself like the beauty and scent of a rose, the sweetness of honey made by bees, a cool breeze across the ocean coupled by the sound of gently crashing surf. Remember that Gratitude should be expressed from the heart always for all things both great and small and your life will flourish without limit. **Express more Gratitude in all things while enjoying a unique fragrance blend infused with mesmerizing Vanilla fragrances.**

Happiness

It is said that true Happiness is internal, external and eternal. Happiness doesn't lie in the things that we experience with our five senses alone, but in the things that are of true value that makes one truly happy. Although material things can give us immediate happiness, it's appreciation of the small things that have the most impact and will make us happy for the long-term. The true love of your spouse as your best friend, the colorful and picturesque endless expanse of colorful trees on a cool autumn day, the joy and faint laughter of children at a distant playground, the fresh aroma of nature and gentle sound of a small waterfall on a warm summer day. If you are truly honest with yourself you will agree that material things come and go, but appreciation of the small divinely-given gifts we enjoy in our lives make us truly happy as long as we live. **Experience a new kind of Happiness with a unique fragrance blend infused with freshly-bloomed Cherry Blossom from the lush hills of Japan.**
